ThoughtFocus Brings SAP S/4HANA® Cloud to Clients – and to Run Its Own Operations

Orlando, FL May 16, 2017 – [ThoughtFocus](#) announced today it has been selected by SAP to add SAP S/4HANA® Cloud to its existing SAP service offerings. As one of a select few early adopter firms globally, ThoughtFocus will now be able to provide more deployment flexibility to clients looking for quicker implementation times and reduced total cost of ownership. ThoughtFocus will also be deploying SAP S/4HANA Cloud to run its own organization.

ThoughtFocus deployed one of the [first greenfield SAP S/4HANA implementations](#) and brings expertise in supporting mid-market to large companies throughout their digital transformation journey. SAP S/4HANA is designed for in-memory computing, allowing companies to “Run Live” by gaining instant access to detailed and real-time information. SAP S/4HANA Cloud delivers the power of a digital core with the key benefits expected from a cloud solution, including the scalability, ease of management and security businesses need to excel in today’s fast-paced digital economy.

[Suman Radhakrishna](#), CEO at ThoughtFocus, said, “Working with SAP as an early adopter partner of SAP S/4HANA Cloud is an important step forward for our company and reaffirms our aggressive growth plans for our SAP practice. We are also excited to become a dominant player offering [SAP S/4HANA](#) solutions. Our clients want to accelerate decision making with real-time business data insights but without the capital expense associated with on-premise. Cloud-based SAP S/4HANA solutions offer our clients added efficiency and faster time to value. They can eliminate unnecessary overhead to maintain legacy customized code. The cloud supports a more simplified solution.”

[Prashanth Sharma](#), Vice President, Manufacturing Solutions at ThoughtFocus, added, “We understand how SAP S/4HANA Cloud can rapidly deliver the benefits of digital transformation that includes the Internet of Things (IoT), Big Data, mobile, real-time analytics and other technologies. Translating the CIO’s vision into business value requires technology that’s easily configurable and fits the needs of the organization as it evolves.”

ThoughtFocus is a Diamond Sponsor at this year’s SAPPHERE NOW® and ASUG Conference, exhibiting at Booth 1601.
